Colon cancer.....	1
Breast cancer	1
(Don't know/refused)..... (ref:WHATFOR)	10

Q.64 As you may know, a Pap smear tests for cervical cancer. Do you think that a Pap smear is generally accurate, or not?

	Total
Yes	86
No.....	9
(Don't know/refused)..... (ref:PAPACC)	6

Q.65 How often do you have Pap smears?

	Total
Every six months.....	4
Once a year.....	69
Every other year	15
Rarely	9
Never	2
(Don't know/refused).....	1
(ref:PAPOFT)	

[985 Respondents]

Q.66 (IF YES IN EVERPAP) Have you ever had an abnormal or inconclusive Pap smear?

	Total
Yes	34
No.....	66
(Don't know/refused).....	1
(ref:POSPAP)	

[334 Respondents]

Q.67 (IF YES IN POSPAP) Now I am going to read you a list of things that doctors, nurses or other health care providers do when their patient has an abnormal or inconclusive Pap smear. For each, I'd like you to tell me whether or not it is something that he or she did when you had an abnormal or inconclusive Pap smear.

	Yes	No	DK/ Ref
67 Suggest follow up or additional tests.....	91	9	0
68 Provide literature about abnormal Pap smears	67	31	2
69 Recommend websites you can visit for more information	15	84	1
70 Refer you to another health care provider	24	76	-
71 Explain what it means to have an abnormal Pap smear	92	7	1
72 Schedule a biopsy or colposcopy	62	35	3
(ref:PROVPAP)			

[303 Respondents]

Q.73 (IF YES IN SUGGEST ADDITIONAL TESTS) What additional tests did your doctor, nurse or other health care provider suggest?

	Total
Biopsy	23
Colposcopy.....	9
Blood tests.....	1
HPV test.....	-
(Other).....	49
(Don't know/refused).....	26
(ref:ADDTEST)	

Q.74 Now I'd like to ask you something a little different. What disease do you believe is the most common cause of death in women?

	Total
Heart disease	64
Cancer	26
Stroke	2
Depression.....	2
Diabetes.....	1
Obesity	1
HIV/AIDS	1
Sexually transmitted diseases.....	0
Osteoporosis.....	0
Multiple Sclerosis.....	-

(Don't know/refused).....	3
(ref:WMNDEATH)	

Q.75 Now thinking specifically about cancer, which type of cancer do you think is the MOST preventable?

	Total
Breast cancer	30
Lung cancer.....	29
Cervical cancer.....	17
Colon cancer.....	11
Ovarian cancer	5
(Don't know/refused).....	9
(ref:CANPREV)	

Q.76 Thinking some more about cervical cancer, which of the following do you believe is the primary cause of cervical cancer?

	Total
Heredity.....	34
HPV, human papillomavirus.....	23
Long term use of hormones containing estrogen.....	13
Diet.....	4
Environment, or exposure to pollution or chemicals.....	4
(Specific cause is not known).....	2
(Don't know/refused).....	20
(ref:CERVCAN)	

Q.77 Have you ever heard of HPV, the human papillomavirus?

	Total
Yes.....	49
No.....	50
(Don't know/refused).....	0
(ref:HEARDHPV)	

Q.78 HPV, the human papillomavirus, is a sexually transmitted disease that about 80 percent of all sexually active adults will be exposed to at some time during their lives. While most HPV infections are temporary and have no noticeable symptoms, some types of HPV infections cause cervical cancer. Having heard this, I'd like to ask you again if you have ever heard of HPV, the human papillomavirus?

	Total
Yes.....	57
No.....	43
(Don't know/refused).....	0
(ref:HEARDHP2)	

Q.79 Has your doctor, nurse or other health care provider ever talked to you about the connection between HPV and cervical cancer?

	Total
Yes.....	19
No.....	79
(Don't know/refused).....	2
(ref:HPVAWARE)	

Q.80 How interested would you be in getting more information about HPV, the human papillomavirus?

	Total
Very interested	20
Somewhat interested	26
Not very interested	17
Not interested at all	36
(Don't know/refused).....	-
Total Very/somewhat	47

Very/somewhat - Not very/not at all.....	-7
(ref:MOREINFO)	

Q.81 As far as you know, has your doctor, nurse or other health care provider given you an HPV test, which is different than a Pap smear?

	Total
Yes	12
No.....	77
(Don't know/refused).....	10
(ref:HPVTEST)	

[121 Respondents]

Q.82 (IF YES IN HPVTEST) Have you ever been tested for HPV and found out that you have the virus?

	Total
Yes	15
No.....	83
(Don't know/refused).....	2
(ref:POSHPV)	

[18 Respondents]

Q.83 (IF YES IS POSHPV) Thinking about what your doctor, nurse or other health care provider told you about your HPV test results, would you say he or she gave you a great deal of information about what it means to have HPV, just enough information, not enough information or no information at all about what it means to have HPV?

	Total
A great deal of information	67
Just enough information	18
Not enough information	16
No information at all	-
(Don't know/refused).....	-
(ref:HPVINFO)	

Q.84 The HPV test is a test for high-risk, cancer causing types of HPV that was approved by the Food and Drug Administration in 1999, and is now approved for routine screening in women 30 and older. It detects the genetic code of HPV, the human papillomavirus, and studies show it identifies 95 to 100 percent of women with advanced cervical disease. After hearing this, how interested are you in getting an HPV test next time you visit your health care professional?

	Total
Very interested	37
Somewhat interest	35
Not very interested	11
Not interested at all	16
(Don't know/refused).....	1
(ref:DNAHPV2)	

Q.3 In what year were you born?

	Total
18 - 24	6
25 - 29	6
30 - 34	12
35 - 39	18
40 - 44	14
